

**IN THE MATTER OF THE PUBLIC ORDER EMERGENCY COMMISSION
PUBLIC INQUIRY INTO THE 2022 PUBLIC ORDER EMERGENCY**

**AFFIDAVIT OF ACTING SUPERINTENDENT ROBERT BERNIER
(Sworn November 20, 2022)**

I, ROBERT BERNIER, of the City of Ottawa, in the Province of Ontario, make oath and say as follows:

1. I am an Acting Superintendent with the Ottawa Police Service ("OPS") and served as the Event Commander from February 10-27, 2022 in relation to the OPS response to the Freedom Convoy. As a result, I have personal knowledge of that to which I hereinafter depose, save and except for information provided to me by others that were under my command at the time of the Freedom Convoy, in which case, I believe that information to be reliable and true.
2. The facts set out below relate to the details of the Public Order Unit ("POU") operation that took place in Ottawa under the Unified Command consisting of myself, Superintendent Phil Lue of the RCMP and Inspector Dave Springer of the OPP on the weekend of February 18-20, the arrests that took place as a result, and the numerous warnings provided to protesters in advance of their arrest. The details set out below are supplemental to, and do not replace, that which was set out in my witness summary in this matter¹ and my testimony in this matter on October 25-26, 2022.

MESSAGING PRIOR TO THE POU OPERATION

3. Prior to the execution of the POU operation, the final operational plan² contemplated a "stabilization phase" during which one element was the following:

¹ WTS.00000030

² OPS00013798

Rapidly escalating the key messaging, media/social media messaging, and officer briefing materials to:

- Educate and instruct all persons attending the Ottawa Protest that their presence is unlawful and they are breaking the law by continuing their presence.
- Make note of all lawful authorities available to police and potential outcomes of continued noncompliance (e.g. Emergency Act, Provincial Statutes, and bylaws, etc.)

4. Pursuant to the above, it was made clear to protesters in Ottawa that they had exceeded their Charter rights and that they were committing criminal offences, thereby providing multiple opportunities to make the educated decision whether to leave the protest area or to continue their participation in an illegal occupation. A consistent and escalating messaging campaign, in the media and on the ground, was commenced on or around February 15th to ensure that protesters became clearly aware that if they did not choose to leave, some type of removal process was pending. This messaging campaign, a key component in the operational plan, was intended to undermine the level of comfort protesters had developed that they could occupy the streets without any consequences and encourage protesters to depart the City prior to the POU operation.

5. Messaging to protesters was conducted by way of notices posted to the OPS website, notices posted on various OPS social media platforms, and in person notification to protesters by Police Liaison Team ("PLT") members and other officers on the ground of the protest. More specifically, the following notices were posted to the website and are attached hereto as **Exhibit A**:

- a. A "Message to Demonstrators from the Ottawa Police Service" was posted to the OPS website, and shared on Twitter and Facebook, on February 9, 2022. The February 9 notice identifies the offence of mischief to property as follows: "it is a criminal offence to obstruct, interrupt or interfere with the lawful use, enjoyment, or operation of property". The February 9 notice states that the protest resulted in the "unlawful act of blocking streets in the downtown core" resulting in "people being denied the lawful use, enjoyment and operation of their property", orders protesters to "immediately cease further unlawful activity", and outlines the potential consequences for failure to do so.

- b. A "Notice to Demonstrators" was posted to the OPS website, and shared on social media, on February 16, 2022. This notice detailed the authorities of police under the *Emergencies Act* and the *Emergency Management and Civil Protection Act*, and stated that protesters "...must leave the area now. Anyone blocking streets, or assisting others in the blocking streets, are committing a criminal offence".
 - c. Subsequently on February 16, "A further Notice to Demonstrators" was posted to the OPS website, and shared on social media (on February 17th). This notice states that protesters "will face severe penalties if [they] do not cease further unlawful activity and remove [their] vehicle and/or property immediately from all unlawful protest sites" and details those potential penalties.
 - d. In the evening of February 16th, a notice to the Mayor and Members of Council was posted to the OPS website, and shared on social media, indicating that a plan was in place to "take back the entirety of the downtown core and every occupied space" and to "remove the unlawful protest".
 - e. On February 17th, a notice was posted to the OPS website, and posted on social media, which advised the public that a "Secured Area" had been established under the *Emergencies Act* whereby the public was advised that they could not "travel to or within an area where an assembly is taking place contrary to the regulations" unless they fell under one of the exemptions in the Regulations. The Secured Area was defined as "from Bronson Avenue to the Canal, the Queensway to Parliament Hill".
6. In addition to the above, OPS was consistently messaging, through the use of social media messages, that protesters were required to leave the area or risk being arrested. These messages include, but are not limited to, the following messages posted on social media throughout the day prior to the commencement of the POU operation (February 17th):

- a. "The OPS wants to inform you that under provincial and federal legislation, you will face severe penalties if you do not cease further unlawful activity and remove your vehicle and/or property immediately from all unlawful protest sites"
- b. "We continue to advise demonstrators not to enter Ottawa, and to go home"
- c. "Overnight and throughout the day, residents are seeing a major increase in the number of police officers on our streets."
- d. "Only those with lawful reasons to enter the core, such as residents, businesses and others with lawful reasons, will be allowed in the area. The unlawful protesters must leave the area and will not be provided access".

7. Immediately prior to and throughout the POU operation, OPS communicated on social media that protesters must leave and that those found within the unlawful protest site may be arrested. Consistent messaging was posted on the OPS Twitter, Facebook and Instagram platforms. A copy of the OPS social media log is attached hereto as **Exhibit B**.

8. In addition to the social media and website communications, two flyers were created in hard copy which were identical in content to the "Notice to Demonstrators" and "A further Notice to Demonstrators", both posted to the OPS website on February 16th and subsequently circulated on social media. The wording of these flyers³ and online posts were drafted by OPS communications staff in consultation with the Unified Command team, the PLT lead and the POU lead.

9. On February 15, 2022, officers on the ground began educating protesters that they needed to leave because enforcement was pending. Officers were given a script in relation to this messaging⁴, which stated that protesters blocking roads were to leave the area immediately or risk being charged with mischief to property. Subsequently, on February 16 and 17, officers were tasked with travelling through the "Red Zone" on foot to circulate the flyers and verbally advise participants of the Freedom Convoy that their

³ See OPS0001454 and SSM.CAN.00006207_REL.0001

⁴ OPS00011420

actions were unlawful and that they must leave or risk the legal consequences set out in the flyers.

10. More specifically, PLT members travelled on foot through the Zone 1 West area⁵, Zone 2 Central North⁶, Zone 3 Central South⁷, Zone 4 East⁸ to circulate flyers and verbally provide messaging consistent with the flyers to trucks, vehicles and protesters on foot. PLT members also specifically spoke in person with key Freedom Convoy organizers to convey the messaging, which included that they needed to leave the area and ensure they shared that message with others⁹.

11. It became apparent that the messaging was being effectively communicated, and that protesters understood that the messaging indicated that a change in police posture was coming, because a similar change in posture was seen from protesters. Protesters became progressively more agitated and hostile towards police. This escalation in protestor hostility resulted in the need for PLT officers to, in some cases, be escorted by Quick Response Teams for officer safety.

CREATION OF THE SECURED AREA

12. In advance of the POU operation, a core hardening plan was implemented, whereby the streets around the perimeter of the downtown core, as described above, were set up as control points in anticipation of the POU operation. This permitted the creation of the Secured Area whereby police could have full control over the downtown core. In the late evening hours of February 17, 2022, the Secured Area was created and officers were placed at all entry/exit points to the Secured Area.

13. The officers were briefed in relation to their authorities prior to being deployed to checkpoints, and were given consistent messaging for their use at checkpoints. A copy of this messaging is attached as **Exhibit C**. Officers at checkpoints were directed to

⁵ See p. 2 of OPS00012802

⁶ See p. 6-7 of OPS00012802

⁷ See p. 22-23 of OPS00012802

⁸ See p. 63-64 of OPS00012802

⁹ See for example p. 64 of OPS00012802

exercise their discretion, as appropriate, to control the ingress and egress of traffic such that vehicles and pedestrians could be permitted in the Secured Area where they were attending for lawful purposes, and those attending for the purposes of participating in the protests could not.

14. Officers began engaging in the area of checkpoints at 6PM on February 17th to educate protesters in relation to the unlawfulness of their activities and discourage their participation. The checkpoints were hardened at midnight in preparation for the POU operation in the morning of February 18th.

THE POU OPERATION

15. POU members from all police agencies were briefed the evening before the commencement of the POU operation in relation to the plan; the POU plan dictated a slow, methodical and lawful approach whereby all protesters would be given the opportunity to leave prior to being arrested. Any protester who refused to leave the unlawful protest site could be arrested for the *Criminal Code* offence of mischief to property. Each protester needed to be dealt with lawfully, and individually, by arresting officers and processed by a member of one of the Hand Off Teams ("HOT").

16. The operation was divided into multiple phases, organized geographically. The plan was to slowly clear one phase at a time and, once safely cleared, move onto the next phase. At the front, a line up of POU officers approached the crowd. Long Range Acoustic Devices (LRADs) were frequently used to convey to protesters that they were required to depart the area or face arrest. Further to this, officers on the line continually messaged verbally for protester to leave and disperse. An egress route was always available to permit protesters who chose to leave voluntarily, to do so prior to being arrested.

17. Behind the line up of POU officers were 16-20 HOTs, each of which included two officers and a police vehicle. HOTs were utilized to process arrests and arrange for transportation of arrested protesters to either the cell block or a secondary processing site, as appropriate. Additionally, multiple tactical teams in full tactical uniforms were on

standby in the area at all times to respond, as needed, to tactical issues such as armed persons or persons barricaded in their trucks or vehicles. Tactical teams included a team of negotiators and critical incident commander so that a critical incident response – involving isolation, containment, evacuation and negotiation – could be implemented on an *ad hoc* basis as situations arose.

18. Finally, tow trucks were on standby to clear any vehicles remaining – either as a result of arrests or abandonment – after all protesters were cleared in the area. Cleared vehicles were taken to tow lots outside of the downtown core and owners were provided instructions on when and how they could retrieve their vehicles.

19. Phase 1 of the POU operation was launched at 7:41AM on February 18, 2022 in the area of Nicholas Street and Waller Street. At the outset of operation, POU officers were in their “Level 1” uniform¹⁰. The Level 1 uniform consists of all usual use of force options for police and no additional protective gear is utilized. The expectation at the outset of the POU operation was that the extensive police presence and the threats of arrest would result in the vast majority of protesters leaving the area voluntarily.

20. However, this did not occur as expected. Protesters in large numbers refused to leave the area, notwithstanding the police presence and the warnings of arrest, resulting in a significant drain on resources. Further, more aggression was seen from protesters than expected, including protesters grabbing at police firearms, striking at officers, and using flagpoles or hockey sticks to assault officers. Further, police were faced with situations early on where parents were placing their children between them and the police to prevent the police from acting. Phase 1 of the operation took nearly four hours to complete, following which the team moved onto Phase 2, Rideau/Sussex, and a similar response was felt.

21. Police took a number of actions in response. First, police utilized social media to highlight the dangers of the presence and use of children in the Secured Area, which saw success. Second, the decision was made by the Unified Command team to shift

¹⁰ All POU officers, with the exception of those from Quebec, were in Level 1 gear. Those from Quebec were in Level 2 gear consistent with their standard practice.

some of the POU elements to a POU response "Level 2", which included the additional protective gear of a helmet, baton, visor and padded protective gloves. The aggression of protesters was resulting in officer injuries and, as such, this decision was seen as necessary to protect the safety of police. Finally, this decision also involved the approval of the use of horses to start creating stand off space between a hostile crowd and the police.

22. At 8PM on February 18th, for safety reasons, the Unified Command team decided to hold the line in front of the Chateau Laurier and bring in fencing to secure the area. The direction was to simply hold the line until morning, which was safer than continuing through the night.

23. At approximately 9AM on February 19th, the execution of the mission continued. The POU's were moving in a western direction, taking over Wellington Street. Based on the protester behavior experienced on February 18th, the decision was made by the Unified Command to deploy all POU elements in a "Level 2" response which included the additional protective gear of a helmet, baton, visor and padded protective gloves. The continued deployment of the operation saw an increase of hostility where protesters were deploying smoke grenades and gas towards POU officers.

24. Throughout the day, the methodical approach continued, and in light of the mission's success, many people finally started leaving voluntarily from the side streets. By the end of the day, the downtown core had effectively been cleared of protesters and trucks and the operation moved to the demobilization of the staging centre on Coventry Road. This phase of the mission was completed on February 20, 2022.

EFFECTING AND PROCESSING ARRESTS

25. Protesters refusing to leave the unlawful protest site were deemed to be committing the *Criminal Code* offence of mischief and/or obstruction of police. After efforts to encourage protesters to leave voluntarily were exhausted, arrests were conducted. Where a protester refused to leave their vehicle, a tactical team was deployed to assess the situation and determine how to safely proceed. Where

necessary, a process was developed & implemented whereby a *Feeney* warrant could be obtained due to the legal implications of the use of trucks, trailers, and motorhomes by protesters as residences during the Freedom Convoy should they continue refusing to leave. Arresting officers exercised their discretion pursuant to their *Criminal Code* and common law powers to use necessary and reasonable force to effect arrests.

26. Arresting officers were all trained on, and relied on, the Province of Ontario Use of Force Framework, whereby officers assess the situation, the subject's behaviours, and the officer's perception and any relevant tactical considerations, and respond appropriately and reasonably on the basis of those factors. The behaviour of protesters ranged from those that were cooperative but chose to be arrested rather than leave the area to passive resistant, active resistant, and assaultive. A range of use of force options may have been required to safely effect the arrest depending on the behaviour of the protester; that discretion was exercised by the arresting officer(s) based on their judgment, authority, training and expertise.

27. Once a protester was arrested, he or she was handed off by the arresting officer(s) to a HOT. Wherever possible, a picture was taken by the HOT member of the arresting officer with the arrested person to assist with identification by officers in court given the number and speed of arrests. The HOT would conduct a brief interview with the arresting officer(s) to obtain necessary information with respect to the basis for arrest, the posture of the arrestee, and any other required information. The arresting officer(s) would then return to their POU work. The HOT members would caution the arrested protester and read them their *Charter* rights. The HOT would obtain identification from the arrestee and run that information through the *Canadian Police Information Centre* database.

28. A determination would then be made as to whether the arrested person was going to be charged pursuant to the *Criminal Code* or whether they would be released without charges. Additionally, a decision would be made as to whether they needed to be held pending bail or released on their own recognizance. Given the unforeseen number of arrests, it became apparent that it would not be practically feasible to charge and process all those who were arrested. Many of the protesters that were cooperative

or passively resisting, as long as there were no aggravating features present, were released without charges. Those who demonstrated aggression towards police or who left their vehicles parked on roadways were charged. Where charges were to be laid, HOT members collected any necessary evidence. Arrested persons were handcuffed and placed in police transport vehicles. Police made every effort to limit the amount of time arrested persons were required to wait in transport vehicles prior to being transported out of the Secured Area. The processing of each arrested person at the scene took between 15-30 minutes and one HOT per arrested person at one time.

29. The OPS cell block facilities could only reasonably manage approximately 20 arrests at once; accordingly, two secondary processing sites were set up. In extenuating circumstances, arrested persons were taken to the OPS cell block for holding; otherwise, arrested persons were transported to one of the secondary processing sites. One processing site was located at just west of downtown Ottawa and the other processing site was located southeast of downtown Ottawa. Both secondary processing sites were located in populated areas within close walking distance of stores, restaurants and public transportation.

30. Irrespective of whether arrested persons were ultimately charged with criminal offences, they were transported out of the Secured Area so as to prevent the further commission of a criminal offence. Further, the secondary processing sites were necessary to allow for fingerprinting of charged persons given that the majority of charged persons resided outside of the region and were unlikely to return to the area for fingerprinting as is the normal course. Charged persons were brought into the secondary processing site, paraded in front of a Sergeant on video to demonstrate that no injuries had resulted during their arrest, fingerprinted, and their release was processed. Charged persons were permitted to call counsel as needed. Processing of a charged person took a minimum of 15-20 minutes at the secondary processing site. Those that were not charged were released unconditionally from the secondary processing site and noted in the officer's notebook or in a list for later documentation.

OUTCOME OF POU OPERATION

31. The final POU operation resulted in the successful clearing of the entirety of the Freedom Convoy demonstration in three days. Between February 18-20, 273 arrests were conducted and 422 charges laid. Notwithstanding the scope of the operation, no significant injuries were sustained by protesters or bystanders. The Special Investigations Unit conducted reviews into two incidents occurring during the course of the POU operation and neither resulted in the invocation of its mandate or the pursual of any charges or further investigative steps. No complaint was made directly to OPS or to the Office of the Independent Review Director, as permitted by the *Police Services Act*, in relation to the conduct of police during the POU Operation.

32. I make this Affidavit in support of the inquiry of the Public Order Emergency Commission, and for no other or improper purpose.

FOR IMMEDIATE RELEASE: Wednesday, February 16, 2022 4:53pm

(Ottawa)—The Ottawa Police Service wants to inform you that under provincial and federal legislation, you will face severe penalties if you do not cease further unlawful activity and remove your vehicle and/or property immediately from all unlawful protest sites.

- You may be arrested and charged with criminal offences including but not limited to mischief, and potentially charged with a variety of other non-criminal offences.
- Your vehicle and property may be seized or removed.
- Your driver's licence may be suspended or cancelled.
- CVOR (Commercial Vehicle Operator's Registration) certificates may be suspended or cancelled.
- Your personal or business bank accounts, including virtual currency, may be subject to examination and restriction.
- If you bring a minor (a person under 18) with you to an unlawful protest site, you may be charged and fined up to \$5000 and/or potentially spend up to five years in prison.
- Those who are delivering fuel and other supplies to those taking part in the unlawful demonstration can be charged.
- Persons traveling to any other unlawful protest sites to participate in or support the unlawful demonstration can be charged.
- Be aware that legislation now prohibits interference with any critical infrastructure including 400-series highways, railways, airports and international border crossings.

FOR IMMEDIATE RELEASE: Wednesday, February 16, 2022 10:30 am

Notice to Demonstrators

(Ottawa)—You must leave the area now. Anyone blocking streets, or assisting others in the blocking streets, are committing a criminal offence and you may be arrested. You must immediately cease further unlawful activity or you will face charges. If you are arrested you may be released on bail depending on factors contained in Part XVI of the Criminal Code.

The people of Ottawa are being denied the lawful use, enjoyment and operation of their property and you are causing businesses to close. That is mischief under the Criminal Code.

Charges and/or convictions related to unlawful activity associated with the demonstration may lead to denial in crossing the USA border.

The Federal Emergencies Act allows for the regulation or prohibition of travel to, from or within any specified area. This means that anyone coming to Ottawa for the purpose of joining the ongoing demonstration is breaking the law. The act also provides police with a number of measures including the ability to seize vehicles that are part of this demonstration.

Ontario law (EMCPA) now prohibits interference with any critical infrastructure including 400-series highways, railways, airports and international border crossings. It prohibits you from preventing someone from travelling to or from walkways, bridges and highways (other than 400 series highways) or preventing anyone from using them. It also prohibits someone from seriously interfering with the safety, health or well-being of members of the public.

Anyone who commits these illegal actions could face fines or be required to appear in court. Commercial vehicle drivers' licences and private drivers' licences can be suspended or revoked.

Message to Demonstrators from the Ottawa Police Service

(Ottawa)—It is a criminal offence to obstruct, interrupt or interfere with the lawful use, enjoyment, or operation of property.

The offence is known as mischief to property.

The unlawful act of blocking streets in the downtown core is resulting in people being denied the lawful use, enjoyment and operation of their property.

We are providing you notice that anyone blocking streets or assisting others in the blocking of streets may be committing a criminal offence.

You must immediately cease further unlawful activity or you may face charges.

You could be arrested without a warrant for this offence if you are a party to the offence or assisting others in the direct or indirect commission in this offence.

Whether you are released on bail depends on factors contained in Part XVI of the ***Criminal Code***.

Offence-related property, including vehicles, may be seized as part of the offence. The vehicles may be detained and, following a conviction, possibly forfeited.

Charges or convictions related to the unlawful activity associated with the demonstration may lead to denial in crossing the USA border.

Statement by Interim Chief Steve Bell to City Council

FOR IMMEDIATE RELEASE: Wednesday, February 16, 2022 5:28pm

(Ottawa)--Mayor and Members of Council,

We are here today to provide you a briefing on the plan of action that has already begun to end this unlawful protest in our City.

We are also here to answer questions from members of Council.

This morning, the command of the OPP, RCMP and Ottawa Police were briefed on the significant steps being taken to bring a safe end to this crisis.

The Ottawa Police remains the police of jurisdiction and lead of this integrated command.

This is the city we are sworn to protect. It's our responsibility and our job to safely remove this unlawful protest. The RCMP and OPP are here to support us and I thank them for the significant efforts and resources they are bringing forward.

We have a methodical and well-resourced plan with a simple mission:

We are going to take back the entirety of the downtown core and every occupied space. We are going to remove this unlawful protest. We will return our city to a state of normalcy.

Over the last few days we have developed strategies to deal with all possible scenarios.

We will be focused on public safety, demonstrator safety and officer safety. All of our plans and actions will be lawful and in line with the Charter.

Demonstrators must leave the unlawful protest site. Officers are already going truck to truck to advise them of this demand.

We want them to do this peacefully and immediately and we are facilitating the departure of anyone who wants to leave.

We also have appropriate and lawful methods to remove anyone who refuses.

We are also aware there are children in the area. This concerns us a great deal.

We have engaged a planning team and the Children's Aid Society to encourage anyone with children in the area to leave and bring those children to a place of safety.

We also have a plan to ensure children are protected and cared for during any action.

You will be hearing and seeing these actions in the coming days.

It will take time to do this right. Every step will be considered and methodical. I ask for your patience and confidence.

Some of the techniques we are lawfully able and prepared to use are not what we are used to seeing in Ottawa. But we are prepared to use them where necessary to bring about the safest outcome and restore order.

I am confident that we now have the resources, the plan, and the commitment to get the job done.

The plan will not be considered complete until such a time that the streets are cleared fully.

We have commitment from our partners that resources will remain in place until this objective is achieved.

We know that this has left our residents feeling unsafe and abandoned and has tarnished our own reputation and that of our City. We deeply regret this.

There are many questions being asked about how we got here. We all know that there will be full review and we all welcome it so we can learn from the events of the last three weeks.

But for today and the days to come the Ottawa Police Service and our partners are focused on getting this job done.

Wherever those questions take us, I want you to know that the members of the Ottawa Police Service care about this city. They are committed to these actions and they are ready to go.

I am proud of them for all they have done and all that we will be doing in the days to come.

Thank you.

FOR IMMEDIATE RELEASE: Thursday, February 17, 2022 4:40pm

(Ottawa) – Under the Emergencies Act, the Unified Command in control of policing in Ottawa has established a Secured Area to ensure that individuals comply with the Emergency Measures Regulations and to ensure designated places (Parliament, Government buildings, critical infrastructure etc) are protected.

You cannot travel to or within an area where an assembly is taking place contrary to the Regulations.

At this time, the Secured Area is from Bronson Avenue to the Canal, the Queensway to Parliament Hill.

Anyone can enter the Secured Area if you fall under an exemption in the Regulations, meaning that you:

- (a) reside, work or are moving through that area for reasons other than to participate in or facilitate the assembly;
- (b) are acting with the permission of a peace officer or the Minister of Public Safety and Emergency Preparedness;
- (c) are a peace officer; or
- (d) are an employee or agent of the government of Canada or a province who is acting in the execution of their duties.

You can expect to see police checkpoints where you will be asked your reason for travelling within the Secured Area.

You will be required to show proof of exemption for your travel to the Secured Area.

Expect traffic delays in and around the Secured Area. Please avoid the downtown core if you have no reason to be there.

"We do not take this decision lightly, we know this will impact the residents. Please bear with us while we work to return the city to a state of normalcy" stated Interim Chief Steve Bell. "We want to reassure everyone that if you live, work or have a reason to be in the area that your access will be minimally impacted."

We want you to be aware that entering the Secured Area for the purpose of contravening the Emergencies Act, may result in you being arrested and/or charged.

The Secured Area will only be enforced as long as necessary.

À visionner sur RogersTV ou à écouter en direct : http://bit.ly/34ghM4f @ottawaville #Ottouvelles Weekend Demonstration Update: https://youtube.com/user/cityottawa/live Mise à jour sur la manifestation de la fin de semaine : http://youtube.com/villedottawa/live As you all know, there is a major demonstration taking place over the next several days here in the Nation's capital. In fact, demonstrators have already arrived, and we have already started to manage a series of pop-up demonstrators in the core over the last 24 hours. Many concerns have been expressed in the community, and many questions have been raised about what we can expect. Here is what we know so far about the core Freedom Convoy demonstration organizers. They have advised us that this will be a peaceful demonstration. They have confirmed that there will be a large number of trucks and participants and the main planned demonstrations will take place on Saturday and Sunday. With demonstrations of this scale, there are significant risks to be mitigated but that we can not eliminate. For instance, we have a major traffic plan to ensure that emergency lanes are kept open, but with thousands of trucks demonstrating in the downtown core for days, we know there will be major traffic safety issues. Starting today and increasing over the weekend, Ottawa residents and visitors can expect to see a large police and emergency services presence in the downtown core and on major highways and roads. As the demonstrators arrive in larger numbers today, major traffic delays and congestion will occur. Throughout the weekend, there will be gridlock in the core, and it will impact road usage on a large scale city-wide. We will do everything possible to maintain emergency routes in the core, but we ask everyone NOT to visit or travel in the downtown core if you don't need to. The OPS and our partners will do our very best to keep all people healthy and safe. That said, we have a collective responsibility to keep the community healthy and safe. We have to work together to enable everyone - demonstrators, visitors and residents - to get home safely to their families and loved ones. We remain in regular contact with the convoy organizers to understand their plan and ensure they have information relative to safe driving routes and appropriate locations to park in the city. We want to ensure demonstrators can arrive and leave as efficiently and safely as possible. Nous demeurons en communication avec les organisateurs du convoi afin de comprendre leur plan et faire en sorte qu'ils disposent de toute l'information pertinente quant aux voies de conduite sécuritaires et aux endroits appropriés pour se stationner en ville. Nous tenons à veiller à ce que les manifestants puissent arriver et repartir le plus efficacement et le plus sûrement possible. The truck convoy will be directed to these specific areas as they arrive in Ottawa. City staff have been making sure appropriate signage is visible, including no-stopping or prohibited parking zones. Le convoi de camions sera dirigé vers ces endroits particuliers au fur et à mesure de leur arrivée à Ottawa. Le personnel municipal a veillé à ce que la signalisation pertinente soit bien visible, notamment celle indiquant les zones de stationnement et d'arrêt interdits. We have identified and will maintain open lanes of traffic for our first responders in emergencies throughout the demonstrations. Nous avons identifié et gardons ouvertes des voies de circulation à l'intention de nos premiers intervenants en cas d'urgence tout au long des manifestations. Our officers are here to protect the rights of individuals to demonstrate peacefully and in accordance with the law. We are also entrusted to intervene when violence and laws are broken and restore peace. Our focus will be to preserve the safety of everyone involved; this includes Ottawa residents, demonstrators and police members. Nos agents sont là pour protéger le droit individuel de manifester pacifiquement et dans le respect de la loi. Nous sommes aussi chargés d'intervenir et de rétablir la paix lorsque la violence éclate et que des lois sont enfreintes. 28-Jan-22	Nous allons miser sur le maintien de la sûreté de chacun, ce qui comprend les résidents d'Ottawa, manifestants et membres de la police. Residents, visitors and demonstrators will see a very large police presence over the weekend. We will have officers on foot, in plain clothes, and using various methods to conduct evidence gathering and observation of crowds. Demonstrators and residents can expect to see our members in different uniforms, with various equipment on their person and in different vehicles. Au cours de la fin de semaine, les résidents, les visiteurs et les manifestants constateront une forte présence policière. Nous aurons des agents à pied, en civil, et ayant recours à une gamme de méthodes pour recueillir des éléments de preuve et observer les foules. Les manifestants et résidents peuvent s'attendre à voir nos membres vêtus de divers uniformes, munis d'un éventail de matériel et à bord de différents véhicules. To our fellow citizens of Ottawa, we appreciate that area businesses and residents are concerned, particularly about the information they see online. We want to assure them we are taking every action possible to mitigate the impacts of this event on daily life in the city. Chers concitoyens d'Ottawa, nous sommes conscients de l'inquiétude que ressentent les commerçants et les résidents, particulièrement à la lumière de l'information qu'ils rencontrent en ligne. Nous tenons à leur assurer que nous prenons toutes les mesures possibles pour atténuer les répercussions de ces événements sur le quotidien de la ville. 02-Feb-22	Residents have been the victims of intense noise, threatening behaviour, vitriol and hatred that has no place in our city or anywhere. My message to the unlawful demonstrators is clear: there are consequences, and there will be more to come. To the residents of Ottawa, we know you want more action, and we are escalating our actions, including enforcement, without escalating greater public safety risks. I said this week that all options are on the table. We are continually looking at our options and developing to end the demonstration as safely as possible while charging holding those who committed crimes to account. Anyone blocking streets, or assisting others in the blocking streets, is committing a criminal offence, and you may be arrested. You must immediately cease further unlawful activity, or you will face charges. If you are arrested, you may be released on bail depending on factors contained in Part XVI of the Criminal Code. The people of Ottawa are being denied the lawful use, enjoyment and operation of their property, and you are causing businesses to close. That is mischief under the Criminal Code. Charges and/or convictions related to unlawful activity associated with the demonstration may lead to denial in crossing the USA border. The Federal Emergencies Act allows for the regulation or prohibition of travel to, from or within any specified area. This means that anyone coming to Ottawa for the purpose of joining the ongoing demonstration is breaking the law. The act also provides police with a number of measures, including the ability to seize vehicles that are part of this demonstration. Ontario law (EMCPA) now prohibits interference with any critical infrastructure, including 400-series highways, railways, airports and international border crossings. It prohibits you from preventing someone from travelling to or from walkways, bridges and highways (other than 400 series highways) or preventing anyone from using them. 16-Feb-22	Persons traveling to any other unlawful protest sites to participate in or support the unlawful demonstration can be charged. Be aware that legislation now prohibits interference with any critical infrastructure including 400-series highways, railways, airports and international border crossings. Le SPO tient à vous aviser qu'en vertu des lois provinciales et fédérales, vous vous exposez à de graves sanctions si vous ne cessez pas vos activités illégales et ne retirez pas immédiatement vos véhicules et vos biens de tous les sites de manifestations illégales. Vous pourriez être arrêté et accusé d'infractions criminelles, notamment de méfait, et possiblement inculpé d'autres infractions non-criminelles. Votre véhicule et vos biens pourront être saisis ou enlevés. Votre permis de conduire pourra être suspendu ou annulé. Les certificats d'immatriculation d'utilisateur de véhicule utilitaire (CIUVU) pourront être suspendus ou annulés. Vos comptes bancaires personnels ou d'entreprise, y compris la monnaie virtuelle, pourront faire l'objet d'un examen et être soumis à des restrictions. Si vous amenez avec vous un mineur (personne âgée de moins de 18 ans) sur les lieux d'une manifestation illégale, vous pourriez être inculpé et passible d'une amende pouvant atteindre 5000\$ ou d'une peine de prison allant jusqu'à cinq ans. Ceux qui livrent du carburant et autres provisions à ceux qui participent à la manifestation illégale pourront être inculpés. Les personnes se rendant sur les lieux de toute manifestation illégale pour y participer ou pour appuyer pourront être inculpées. Sachez que la législation interdit actuellement d'entraver les infrastructures essentielles, notamment les autoroutes de la série des 400, les chemins de fer, aéroports et postes frontaliers internationaux. 	Mise à jour sur la manifestation: pour la sûreté publique, des ressources policières sont en place et y resteront jusqu'au disséminement des foules. Aucun incident à signaler. Nous maintenons les voies d'urgence et autres zones que la police doit garder libres. Nous avons, et continuerons, à remorquer tout véhicule les obstruant. Update on Week end Demonstrations A large police and emergency services presence continues in downtown Ottawa to ensure the safety of residents, businesses, and participants during this weekend's demonstration. Large crowds have gathered in the area of Parliament Hill as well as heavy trucks and passenger vehicles. Police are making adjustments to manage the changing nature of the demonstration. A crowd/vehicle estimate will be provided at the end of the demonstrations. Vehicles are being redirected away from the core to mitigate road safety. We are once again asking that people do not come into the core unless it is necessary. We are aware this demonstration is having a significant impact on local residents and businesses – we are working to mitigate these concerns. The police response includes officers from RCMP, Toronto, Durham, London, York and other police services as well as the OPP. Police resources are in place and will remain throughout the demonstration. At this time, the crowds are peaceful and there are no major incidents to report. Police are working to maintain emergency lanes and any other places that police need to keep clear for public safety. We have and will continue to tow vehicles that obstruct these areas. Several vehicles parked at the National War Memorial this morning and were immediately towed. Cars are not allowed to park and people will not be allowed to desecrate the Memorial. Parking along 400 series highways and on/off ramps is prohibited and dangerous – vehicles parking on the ramps will be towed. Pedestrians are not permitted on highways at any time – people walking on the highways will be removed and may face charges. Parking and walking on overpasses create traffic safety risks – exercise caution and allow traffic to pass safely past vehicles. This event is having a substantial impact on traffic throughout the downtown area, highways and major arteries. Traffic in the downtown area has been severely impacted. Do not travel in the downtown core. 	Mise à jour sur les manifestations de la fin de semaine Une forte présence de la police et des services d'urgence demeure à l'ouest du centre-ville d'Ottawa en vue d'assurer la sûreté des résidents, des commerces et des participants au cours de la manifestation de cette fin de semaine. D'importantes foules se sont formées aux environs de la colline du Parlement, et des camions lourds et véhicules à passagers s'y sont entassés. La police ajuste sa démarche afin de bien gérer la nature changeante de la manifestation. Une estimation du nombre de participants et de véhicules sera fournie après la manifestation. Afin d'atténuer les problèmes de sécurité routière, on élargit la circulation pour éloigner les véhicules du centre-ville. Une fois de plus, nous demandons aux gens de ne pas se rendre au centre-ville en cas de nécessité absolue. Nous sommes conscients du fait que cette manifestation affecte considérablement les résidents et les commerces des environs; nous nous efforçons d'alléger ces inquiétudes. L'intervention policière fait appel à des agents de la GRC, des services de police de Toronto, Durham, London, et de York ainsi qu'à la PPO. Des ressources policières sont en place et y resteront jusqu'au disséminement des foules. À l'heure actuelle, il n'y a aucun incident à signaler. Les policiers s'efforcent de maintenir les voies d'urgence et autres zones que la police doit garder libres à des fins de sûreté publique. Nous avons déjà, et continuerons à remorquer tout véhicule obstruant ou entravant ces endroits. Ce matin, plusieurs véhicules furent stationnés au Monument commémoratif de guerre et furent immédiatement remorqués. Ne se promenez pas le Monument. Il est interdit dangereux de se stationner en bord des autoroutes de la série des 400 et de leurs bretelles d'entrée et de sortie – tout véhicule stationné sur les bretelles sera remorqué. La présence de piétons est interdite en tout temps sur les autoroutes – les gens marchant sur l'autoroute seront arrêtés et				N/A	POSTED	https://www.facebook.com/OttawaPoliceService/ https://www.facebook.com/OttawaPoliceService/ https://www.facebook.com/OttawaPoliceService/ https://www.facebook.com/OttawaPoliceService/	33914	32956	5794	538	73	69	101	2672

29-Jan-22	Update 2: Weekend Demonstrations Crowds in the downtown core are dispersing after today's demonstration but traffic is slow, continues and a large presence of police remains in place. There have been no incidents of violence or injuries reported. Many streets in the downtown core are closed or impassable to vehicles. Don't travel to the downtown core. For residents and businesses in the core, police are working to mitigate the impacts of the demonstration such as gridlock and parked vehicles and thank residents for their patience. Police continue to work to ensure emergency lanes are maintained. Vehicles that are parked in areas deemed necessary for public safety will be towed. Throughout the day, police and traffic officials were forced to close several interprovincial bridges and several 417 exits into Ottawa. These traffic issues will continue on Sunday. Interprovincial bridges: Portage and Alexandra bridges are closed. Champlain bridge is open, and the Macdonald-Carter bridge has lane reductions. The Chaudière bridge is open for healthcare and essential workers only. Be prepared to show identification. If you are neither, do not use this bridge. We continue to ask that demonstrators respect national symbols like the National War Memorial or the Terry Fox statue. City crews and police took steps to protect these areas, such as towing vehicles and removing signs and paraphernalia, but they should be expected at all times. There will continue to be a large presence of police and to ensure public safety this evening and on Sunday. https://www.ottawapolice.ca/Modules/News/index.aspx...

29-Jan-22	Mise à jour 2: Manifestations de la fin de semaine Les foules au centre-ville se dispersent à la suite de la manifestation d'aujourd'hui, mais les problèmes de circulation persistent et une importante cohorte policière demeure en place. Aucun cas de violence ou de blessure n'a été signalé. De nombreuses rues du centre-ville sont fermées ou interdites aux véhicules. Ne vous rendez pas au centre-ville et n'y circulez pas. Pour les résidents et les commerces du centre-ville, les policiers s'efforcent d'atténuer les effets de la manifestation, tels que les embouteillages et les véhicules stationnés, et remercient les résidents de leur patience. Les policiers s'efforcent toujours à assurer le maintien des voies d'urgence. Tout véhicule trouvé stationné à des endroits considérés essentiels à la sécurité publique sera remorqué. Toute la journée durant, les policiers et les responsables de la circulation furent contraints de fermer plusieurs ponts interprovinciaux ainsi que plusieurs bretelles de sortie de la 417 vers Ottawa. Ces problèmes de circulation sévissent toujours dimanche. Ponts interprovinciaux: les ponts Portage et Alexandra sont fermés. Le pont Champlain demeure ouvert et le pont Carter-Macdonald fonctionne avec un nombre réduit de voies. Le pont Chaudière est réservé aux travailleurs de la santé et des services essentiels. Attendez-vous à devoir présenter une preuve d'identité. Si vous n'appartenez pas à ces groupes de travailleurs, n'utilisez pas ce pont. Nous continuons à prier les manifestants de bien vouloir respecter les symboles nationaux, notamment le monument de la guerre et la statue de Terry Fox. Des équipes nationales et policières ont pris des mesures visant à protéger ces endroits, soit en remorquant des véhicules et en écartant des pancartes et du matériel. Ces monuments doivent toujours être respectés. Une importante présence policière sera maintenue afin de veiller sur la sécurité publique ce soir et dimanche. https://www.ottawapolice.ca/Modules/News/index.aspx... 30-Jan-22	Update 3: Weekend Demonstrations Large crowds remained in the downtown core throughout the night and were actively managed by police. Officers encountered several challenges with demonstrators, including possible road blockages by trucks, which officers worked to clear. These high-risk situations were de-escalated and resolved with no arrests. Police are patrolling throughout the downtown core, managing the movement of protestors and trucks. We are also responding to calls for service throughout the city. The OPS and our partners continue to focus on keeping the peace in and around the demonstrations and maintaining emergency access lanes while addressing any threatening high-risk behaviour. We continue to have a very large police presence today at all large demonstration locations. Please follow the directions of the police, emergency responders and City officials. National monuments will be protected and should be respected by all. Barricades are installed to block any vehicular access to the path in front of the National War Memorial. Don't travel to the downtown core. For residents and businesses in the core, police are working to mitigate the impacts of the demonstration, such as gridlock and parked vehicles. We thank residents and business owners for their patience. https://www.ottawapolice.ca/Modules/News/index.aspx...

30-Jan-22	Mise à jour 3: Manifestations de la fin de semaine D'amples foules sont demeurées au centre-ville toute la nuit et furent gérées activement par les policiers. Les agents se heurtèrent à plusieurs défis de la part des manifestants, dont des blocages intermittents de rues par des camions, que les agents eurent à faire à déloger. Ces situations à risque élevé furent désamorcées et réglées sans arrestations. La police patrouille le centre-ville, gérant les déplacements des manifestants et des camions. Nous répondons également aux appels de service à travers la ville. Le SPO et ses partenaires continuent de mettre l'accent sur le maintien de la paix dans le cadre des manifestations, et de garder libres les voies d'accès d'urgence, tout en s'occupant de tout comportement menaçant et constituant un risque élevé. Nous conservons aujourd'hui une très importante présence policière dans tous les lieux de manifestation majeurs. Merci de suivre les directives de la police, des intervenants d'urgence et des responsables de la Ville. Les monuments nationaux seront protégés et doivent être respectés par tous. Des barricades ont été installées pour bloquer l'accès des véhicules au passage menant au monument de la guerre. Ne vous rendez pas au centre-ville et n'y circulez pas. Pour les résidents et les commerces du centre-ville, les policiers s'efforcent d'atténuer les effets de la manifestation, tels que les embouteillages et les véhicules stationnés, et remercient les résidents de leur patience. https://www.ottawapolice.ca/Modules/News/index.aspx... Ottawa Police Service Implements Increased Measures to Protect Downtown Neighbourhoods https://youtu.be/ukmKESVSMFQ The Ottawa Police Service and its partners are implementing a surge and contain strategy in Ottawa's downtown neighbourhoods to further protect neighbourhoods, restore order and prevent unlawful activity. In connection with ongoing demonstrations, Ottawa's downtown residents and businesses continue to be severely impacted by unlawful acts, including harassment, mischief, hate crimes, and noise violations. We know that additional demonstrators are coming, and we are significantly increasing our policing resources to respond. To prevent and reduce the impacts of demonstrations entering the downtown core, and to improve neighbourhood safety, the Ottawa Police Service is implementing the following measures – effective immediately Major deployment of police officers in the downtown neighbourhoods: There will be approximately 150 additional uniformed and non-uniformed officers dedicated to only patrolling and addressing unlawful and threatening conduct in the most impacted neighbourhoods including Centretown, Sandy Hill, Lowertown and the Byward Market. This includes working with City and NCR officials to prevent unlawful and unsafe use of public space by demonstrators. Expand and harden the perimeter of the demonstration red zone: The Ottawa Police Service and the City of Ottawa will be utilizing concrete and heavy equipment barriers to create no-access roadways throughout the downtown core. The City of Ottawa will be releasing a map of impacted roads later today. Protestor vehicles will be directed to designated parking zones outside of the downtown core. Illegal parking by demonstrators will result in by-law enforcement, removal and impound. If necessary, interprovincial bridges, highway off-ramps and/or roads will be closed. Enforcement directives: The surge of police officers will result in enforcement to restore public safety. This includes increased investigation enforcement and charges for all criminal acts related to hate, harassment, assault (including spitting), intimidation, and mischief. Enhanced intelligence operations and investigations: National, provincial and local intelligence agencies have increased efforts to identify and target protestors who are funding/supporting/enabling unlawful and harmful activity by protestors. Investigative evidence-gathering teams are collecting financial, digital, vehicle registration, driver identification, insurance status, and other related evidence that will be used in criminal prosecutions. Every unlawful act, including traffic violations, will be fully pursued regardless of origin. The primary focus of each of these measures will be on the unlawful behaviour connected to the ongoing demonstrations (including parallel and counter-demonstrations). We strongly urge all demonstrators and those engaging with demonstrators to act lawfully, peacefully and respectfully. The hatred, violence, and illegal acts that Ottawa residents and businesses have endured over the last week are unacceptable in any circumstance. The Ottawa Police Service and the City of Ottawa are bringing significantly greater resources to restore order, hold offenders to account and protect our neighbourhoods. The current occupation of the Parliamentary Precinct remains unresolved despite significant success in reducing the number of trucks/demonstrators while preventing riots, injuries and death. We take no solace in these operational successes. The demonstrators in this red zone area remain highly organized, well-funded, and extremely committed to resisting efforts to end the demonstration safely. This remains a very volatile and very dangerous demonstration. The Ottawa Police Service continues to work with the national security agencies, the RCMP, the OPP and other police agencies. We are also working with all three levels of government to affect a safe, timely and lawful end to this unlawful and unacceptably dangerous demonstration. Public safety remains paramount and does our commitment to work with all levels of government and all parts of civil society to bring this demonstration to an end.												
04-Feb-22	— La version française s'en suivra sous peu... https://www.ottawapolicia.ca/Modules/News/Index.aspx... Le Service de police d'Ottawa met en œuvre de nouvelles mesures pour assurer la protection des quartiers du centre-ville Le Service de police d'Ottawa et ses partenaires mettent en œuvre une stratégie d'intensification et d'enceinte au sein des quartiers du centre-ville d'Ottawa afin de mieux protéger les quartiers, rétablir l'ordre et prévenir les activités illégales. En lien avec les manifestations en cours, les résidents et les commerçants du centre-ville d'Ottawa continuent d'être lourdement affectés par des actes illégaux, dont le harcèlement, méfaits, crimes haineux, et le vacarme. Nous avons que d'autres manifestants s'en viennent, et nous accroissons considérablement nos ressources policières pour y pallier. Afin de prévenir et d'atténuer les effets de la présence de manifestants dans le centre-ville, et pour accroître la sûreté des quartiers, le Service de police d'Ottawa applique dès maintenant les mesures suivantes : Important déploiement policier au sein des quartiers du centre-ville: Il y aura environ 150 agents affectés exclusivement à patrouiller et à s'opposer contre les comportements illégaux et menaçants dans les quartiers les plus touchés, notamment Côte-de-Sable, Centre-ville, Bass-ville, et le marché By. Cette mesure prévoit une collaboration avec les responsables municipaux et de la RCN afin d'empêcher un emploi illégal et dangereux des espaces publics par des manifestants. Aggrandir et durcir le périmètre de la zone rouge de la manifestation: Le Service de police d'Ottawa et la Ville d'Ottawa feront appel à des centaines de barrières de béton et de machinerie lourde pour créer des voies sans accès à travers le Centre-ville et le marché By. La Ville d'Ottawa rendra publique une carte des rues et routes affectées plus tard dans la journée. Les véhicules des manifestants seront acheminés vers des zones de stationnement désignées hors du centre-ville. Le stationnement illégal par des manifestants entraînera l'application des règlements municipaux, le remorquage et la mise en fourrière. Si nécessaires, les ponts interprovinciaux, des bretelles de sortie et des artères seront fermés. Directives d'exécution: L'augmentation du nombre de policiers donne lieu à des mesures d'application des lois pour rétablir la sûreté publique. Cela comprend plus d'enquêtes, de répression et d'accusations relativement à tous les actes criminels liés à la haine, au harcèlement, aux agressions (y compris les crachements), à l'intimidation, et aux méfaits. Opérations de renseignement et enquêtes augmentées: Les services de renseignement nationaux, provinciaux et locaux d'intelligence ont accru leurs efforts pour identifier et viser les individus qui financent, appuient et facilitent les activités illégales et malfaisantes de la part des manifestants. Des équipes de collecte de preuves et d'enquête amassent des données financières, numériques, d'immatriculation automobile, d'identification des conducteurs, d'assurance, et autres éléments de preuve connexes qui serviront des poursuites judiciaires. Aucun acte illégal, y compris les infractions au Code de la route, ne sera laissé pour compte, quelle que soit son origine. L'objectif premier de chacune de ces mesures sera le comportement illégal lié aux manifestations en cours (y compris les manifestations parallèles et contre-manifestations). Nous incitons vivement tous les manifestants et ceux qui interagissent avec les manifestants de se comporter légalement, pacifiquement et respectueusement. La haine, la violence, et les actes illégaux que les résidents et les commerçants d'Ottawa ont endurés au cours de la dernière semaine sont inacceptables en toutes circonstances. Le Service de police d'Ottawa et la Ville d'Ottawa font appel à des ressources nettement plus importantes pour rétablir l'ordre, tenir les contrevenants responsables et protéger nos quartiers. L'occupation actuelle de la zone parlementaire n'est toujours par éligible malgré un certain succès des efforts de réduction du nombre de camions et de manifestants tout en évitant émeutes, blessures et pertes de vies. Ces réussites opérationnelles ne nous apportent cependant aucun réconfort. Les manifestants à l'intérieur de cette zone rouge demeurent très bien organisés, bien financés, et extrêmement résilients à résister aux efforts visant à terminer pacifiquement la manifestation. Cette manifestation demeure très volatile et très dangereuse. Le Service de police d'Ottawa poursuit sa collaboration auprès des organismes de sécurité nationale, de la GRC, de la PPO et autres organismes policiers. Nous œuvrons également de concert avec les trois ordres gouvernementaux en vue d'en arriver à une conclusion sûre, opportune et légitime pour cette manifestation illégale et d'un danger inadmissible. La sûreté publique demeure primordiale, à l'insu de notre engagement à travailler avec tous les ordres du gouvernement et tous les éléments de la société civile pour mettre un terme à cette manifestation. 28-Jan-22	Weekend Traffic Update: Expect major disruptions to traffic throughout Ottawa and especially in the downtown core. If you have appointments, children in activities, are expecting food deliveries, please be prepared to adjust your plans.							
	Do not travel if you can avoid it this weekend in Ottawa, plan accordingly and expect delays. Mise à jour circulation pour la fin de semaine: d'importantes perturbations de la circulation sont anticipées à travers Ottawa et surtout au centre-ville. Si vous avez des rendez-vous, des activités des enfants, prévoyez une livraison d'aliments, merci de vous parer à ajuster vos plans.	N/A	REMOVED	https://www.instagram.com/p/CZP3op-sKcc/	346	346	N/A	
	Évitez si possible les déplacements cette fin de semaine à Ottawa, planifiez en conséquence et attendez-vous à des retards et embouteillages.							
	Nous collaborons avec nos partenaires municipaux et policiers afin de minimiser les perturbations de la circulation, mais de considérables retards et embouteillages sont à prévoir.							
	La police et ses partenaires s'affairent à ce que la collectivité et les manifestants puissent disposer d'un environnement sûr. Nous sommes au courant des propos déplacés et menaçants tenus dans les médias sociaux en lien avec cette manifestation.							
29-Jan-22	Nous faisons bon accueil aux manifestations pacifiques. Cela dit, la sûreté publique est primordiale – il y aura des conséquences pour les personnes s'adonnant à des actes criminels, à la violence et à des activités encourageant la haine.							
	Ottawa Police et ses partenaires policiers et municipaux font tout le possible afin de garder ouvertes les voies d'urgence et de maintenir l'accès aux hôpitaux et autres établissements de santé. L'accès d'urgence est notre grande priorité en matière de gestion de la circulation.							
	Manifestants: soyez conscients de vos droits et responsabilités.							
	N'appellez pas le 9-1-1 pour poser des questions sur les manifestations de la fin de semaine. Ces lignes sont réservées aux urgences mettant la vie en danger et aux crimes en cours. Voir les plus récentes infos @OttawaPolice (Twitter) et quant à la circulation @Ottawa_Circule (Twitter).

National War Memorial investigation – Suspect to identify

The Ottawa Police Service continues its investigation of the desecration of the National War Memorial on Saturday, January 29.

Investigators are asking the public to review the photographs and video of the suspect we are seeking to identify. We wish to credit The Sun for the video and photos.

The suspect is described as a Caucasian woman, average build, wearing a black winter jacket with some yellow on the front, a black toque with symbol on the front, black winter pants and grey and white shoes. She was carrying a black backpack.

Anyone with information regarding the identity of this person is asked to contact the Ottawa Police Central Investigations Section at 613-236-1222, ext. 5166.

03-Feb-22 We have been clear that evidentiary teams that will be videotaping all aspects of the demonstration. We are acting on evidence of violence, hate crimes and unlawful behaviour.

There will be consequences for anyone contravening City By-laws, Highway Traffic Act and Criminal Code legislation.

Three men have been charged with criminal offences in relation to the demonstration.

There are 25 active investigations including the desecration of the National War Memorial, and incidents at the Shepherds of Good Hope.

Please Report Crimes

The Ottawa Police Service and its partners worked through the night to reduce the impacts of demonstrators in the downtown core, respond to calls for service, and improve neighbourhood safety.

We continue to advise demonstrators not to enter Ottawa, and to go home.

We encourage all residents who have witnessed or been the victim of unlawful behaviour to please contact the Ottawa Police at (613) 236-1222 ext 7300, or ext 5015 for hate-related crimes. Reports may also be submitted online at ottawapolice.ca.

07-Feb-22 Le Service de police d'Ottawa et ses partenaires furent à l'œuvre toute la nuit afin d'atténuer les effets de la présence de manifestants au centre-ville, de répondre aux appels de service et d'accroître la sûreté des quartiers.

Nous continuons d'inciter les manifestants à ne pas venir à Ottawa, et de rentrer chez eux.

Nous incitons tous les résidents ayant été témoin ou victime de comportements illégaux de bien vouloir en faire part à la Police d'Ottawa en composant le 613-236-1222, poste 7300; pour signaler un crime haineux, demandez le poste 5015.

You must leave the area now. Anyone blocking streets, or assisting others in the blocking streets, is committing a criminal offence, and you may be arrested. You must immediately cease further unlawful activity, or you will face charges. If you are arrested, you may be released on bail depending on factors contained in Part XVI of the Criminal Code.

The people of Ottawa are being denied the lawful use, enjoyment and operation of their property, and you are causing businesses to close. That is mischief under the Criminal Code.

Charges and/or convictions related to unlawful activity associated with the demonstration may lead to denial in crossing the USA border.

The Federal Emergencies Act allows for the regulation or prohibition of travel to, from or within any specified area. This means that anyone coming to Ottawa for the purpose of joining the ongoing demonstration is breaking the law. The act also provides police with a number of measures, including the ability to seize vehicles that are part of this demonstration.

Ontario law (EMCPA) now prohibits interference with any critical infrastructure, including 400-series highways, railways, airports and international border crossings. It prohibits you from preventing someone from travelling to or from walkways, bridges and highways (other than 400 series highways) or preventing anyone from using them. It also prohibits someone from seriously interfering with the safety, health or well-being of members of the public.

Anyone who commits these illegal actions could face fines or be required to appear in court. Commercial vehicle drivers' licences and private drivers' licences can be suspended or revoked.

16-Feb-22 Vous devez quitter les lieux maintenant. Quiconque bloquant les voies de circulation, ou aidant d'autres à le faire, commet une infraction criminelle et peut être arrêté. Vous devez cesser immédiatement vos activités illégales ou vous devrez faire face à des accusations. Si vous êtes arrêté, que vous soyez ou non libéré sous caution dépendra de facteurs figurant dans la partie XVI du Code criminel.

Les gens d'Ottawa se voient privés de l'emploi, de la jouissance et de l'exploitation légitimes de leur bien, et vous êtes responsables de la fermeture de commerces, ce qui constitue un méfait, en vertu du Code criminel.

Les accusations et condamnations relatives à des activités illégales liées à la manifestation peuvent entraîner une interdiction de franchir la frontière des États-Unis.

La Loi fédérale sur les mesures d'urgence prévoit la réglementation ou l'interdiction des déplacements à destination, en provenance ou à l'intérieur d'une zone désignée. Cela signifie que quiconque venant à Ottawa dans le but de se joindre à la manifestation en cours enfreint la loi. La loi accorde par ailleurs à la police plusieurs pouvoirs, notamment celui de saisir les véhicules faisant partie de cette manifestation.

La Loi sur la protection civile et la gestion des situations d'urgence de l'Ontario interdit actuellement d'entraver les infrastructures essentielles, notamment les autoroutes de la série des 400, les chemins de fer, aéroports et postes frontaliers internationaux. Elle vous interdit d'empêcher quiconque de se déplacer vers, sur ou à partir de passerelles, de ponts et de routes (hormis les autoroutes de la série des 400) ou d'empêcher quiconque d'en faire usage. La loi interdit en outre de faire concrètement obstacle à la sûreté, la santé ou au bien-être des membres du public.

Quiconque commet un tel acte illégal sera passible d'amendes ou devra comparaître devant les tribunaux. Les permis de conduite de véhicule commercial et les permis de conduire personnels pourront être suspendus ou retirés.

A further Notice to Demonstrators

The Ottawa Police Service wants to inform you that under provincial and federal legislation, you will face severe penalties if you do not cease further unlawful activity and remove your vehicle and/or property immediately from all unlawful protest sites.

You may be arrested and charged with criminal offences including but not limited to mischief, and potentially charged with a variety of other non-criminal offences.

Your vehicle and property may be seized or removed.

Your driver's licence may be suspended or cancelled.

17-Feb-22 CVOR (Commercial Vehicle Operator's Registration) certificates may be suspended or cancelled.

Your personal or business bank accounts, including virtual currency, may be subject to examination and restriction.

If you bring a minor (a person under 18) with you to an unlawful protest site, you may be charged and fined up to \$5000 and/or potentially spend up to five years in prison.

Those who are delivering fuel and other supplies to those taking part in the unlawful demonstration can be charged.

Persons traveling to any other unlawful protest sites to participate in or support the unlawful demonstration can be charged.

Be aware that legislation now prohibits interference with any critical infrastructure including 400-series highways, railways, airports and international border crossings.

Un nouvel avis aux manifestants

Le Service de police d'Ottawa tient à vous aviser qu'en vertu des lois provinciales et fédérales, vous vous exposez à de graves sanctions si vous ne cessez pas vos activités illégales et ne retirez pas immédiatement vos véhicules et vos biens de tous les sites de manifestations illégales.

Vous pourriez être arrêté et accusé d'infractions criminelles, notamment de méfait, et possiblement inculpé d'autres infractions non-criminelles.

Votre véhicule et vos biens pourront être saisis ou enlevés.

Votre permis de conduire pourra être suspendu ou annulé.

17-Feb-22 Les certificats d'immatriculation d'utilisateur de véhicule utilitaire (CIUVU) pourront être suspendus ou annulés.

Vos comptes bancaires personnels ou d'entreprise, y compris la monnaie virtuelle, pourront faire l'objet d'un examen et être soumis à des restrictions.

Si vous amenez avec vous un mineur (personne âgée de moins de 18 ans) sur les lieux d'une manifestation illégale, vous pourriez être inculpé et passible d'une amende pouvant atteindre 5000\$ ou d'une peine de prison allant jusqu'à cinq ans.

Ceux qui livrent du carburant et autres provisions à ceux qui participent à la manifestation illégale pourront être inculpés.

Les personnes se rendant sur les lieux de toute manifestation illégale pour y participer ou pour l'appuyer pourront être inculpées.

Sachez que la législation interdit actuellement d'entraver les infrastructures essentielles, notamment les autoroutes de la série des 400, les chemins de fer, aéroports et postes frontaliers internationaux.
